PagliaLet is just **wheat straw pellet**, it has **high fiber content** that only the Abruzzo region can guarantee thanks to the soil and climate characteristics of its territory. **PagliaLet** has **exceptional absorption** and **eliminates unpleasant smells**, giving to the litter an extraordinary **softness**, that means **animal welfare** and **health**. Hooves are easy to clean and always in order. The use of PagliaLet is easier than other bedding and after use it becomes a perfect **natural fertilizer** to protect the environment and save money. Its volume in the dunghill (horse manure) is extremely reduced, simplifying daily operations and reducing disposal costs. PagliaLet is **sanitized** through the pelletizing process making it by far the **safest** bedding on the market. **PagliaLet: cheap, nature, quality, enviroment care and safety!** *PagliaLet* is **naturally different!**

MADE IN ITALY

COMPOSITION

Wheat Straw Pellet

SHAPE

Pellet 8mm diameter

NOTICE FOR USE

In order to get optimum performance, the PagliaLet litter must never be overturned. Furthermore, to ensure a compact and soft litter it is advisable to initially spray in the box 5-6 liters of water. This optional step doesn't affect the power absorption of the product, but accelerates the pellet opening process and create a comfortable bedding.

ISTRUCTION FOR USE

USE 1 - TEMPORARY LITTER:

Dispose 120-140 Kg of PagliaLet into the box (3x3 mt). During the daily cleaning, remove the excrements and parts impregnated by horse's urine (easily recognizable) and replace then with a little bit of cleaned PagliaLet. After 35-40 days clean completely the box and repeat the procedure.

USE 2 - PERMANENT LITTER:

Dispose 180-200 Kg of PagliaLet into the box (3x3 mt). During the daily cleaning, remove the excrements and parts impregnated by horse's urine and replace them with a little bit of cleaned PagliaLet. Never remove the litter completely.

PACKAGING

Bags 25Kg or 40Kg weight. Disposed on wood pallets 120x120x180cm (pallet dimension)
